

Dear Parents,

Welcome back! I hope you all had a wonderful summer.

I am always looking for hands-on materials and supplies for our classroom. I currently have two projects running on Donorschoose.org. This site allows teachers to ask donors for materials that they need for their classrooms.

Please share this link with your friends and family. The more the link is shared, the better the chance we have of getting the project funded.

Thank you so much for your support!
